GUEST REVIEWS

"I receive the most compliments when I order from *The Brass Rail*. Most staff members come back for seconds and always want to know where the delicious food came from!"

- **Lindsey Segal, Sales Specialist,**
Ferring Pharmaceuticals

"The team at our Buick/GMC location said this has been their favorite lunch since we started celebrating milestone anniversaries five years ago. Customers are often quick to reach out when they have had a bad experience, so I wanted to be the customer who takes the time to recognize excellent service, amazing food and the strong community relationship you continue to build through your business."

- **P.J. Olsen, Human Capital Manager,**
Lou Fusz Automotive Network

"THANK YOU SO MUCH for again knocking it out of the park for the Upper School Track Team Banquet at MICDS! There were so many compliments given about the food and lots of full tummies. It was a huge success."

- **Leslie Rohan, Teaching Associate,**
Mary Institute and Country Day School (MICDS)
